Proefnotities

(EN) A wine of an intense violet red colour that contain aromas of great complexity, figs and ripe plums, harmoniously accompanied by notes of caramel and walnut. Rich on the palate, powerful, punctuous, with an extraordinary balance of alcohol, acidity and sugar that reaffirms the aromas perceived in the nose, together with all of the strength of the terroir (altitude, temperature, range and sun). It reveals optimum persistence and a perfect assemblage with the Allier oak. All of the alcohol and sweetness comes entirely from the over ripened grape.
