Beschrijving

The “Royal” Calvados is an exceptional product. A real trip to the paradise of taste. It titrates 41%. The “Royal” is one of the secrets of the company Château du Breuil. We cannot tell everything about its making that is the perfect illustration of the Cellar Master's expertise. It is an ageless Calvados. Indeed our Cellar Master during his tastings finds a Calvados with an exceptional potential and puts it in a big cask where it is forgotten. In this big cask there is the Château du Breuil “Royal” Calvados that contains very old Calvados. So he obtains a blending with a unique and absolutely prodigious taste: a very old Calvados, dark, rich, voluptuous, with a very long finish because it is very old and a little filtered so that he keeps all the aromas it has acquired during his very long stay hidden from view and light. That is the Calvados of the great Masters, of exceptional people who content with the best.

Mixology

Colour: dark brown. Nose: rich and voluptuous with aromas of cocoa, dried tobacco, leather, nutmeg and then opens on aromas of coffee grains and torrefaction. Mouth: subtle first taste of almond that tends towards long notes of dried tobacco.
