## Beschrijving

### Fermentation

100% stainless steel. Whole cluster pressed, sediments worked in the must and battonage in the tank post-fermentation.

### Tasting Notes

Light golden yellow. Notes of peaches, white flowers, and tropical fruit on the nose. Fresh palate with citrus and ripe pineapple notes. Medium bodied with balanced acidity and a persistent finish.

### Food Pairing

Recommended with dense fish such as sea bass with béchamel or mushroom sauce, rosemary-sautéed potatoes, and capers. Also pairs nicely with fresh green salads such as arugula with mild olive oil. Serve at 13°C/57°F.
